Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The closest prior art is to Landvater (US Patent No. 6,609,101). Landvater teaches a computer-implemented forecasting system for determining time-phased product sales forecasts for a retail store supply chain using product sales data generated by retail stores in the chain. Applicant's arguments filed on August 26, 2008 (pages 12-13 in particular) are deemed to be persuasive and adequately reflect the

Examiner's opinion as to why claims 1-23 and 120-125 are allowable over the prior art of record.

Conclusion

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
